# Lay-in Ceiling Speakers

2' x 2'

1' x 2'

Valcom's Lay-in ceiling speaker is fast and easy to install and provides superb sound quality and coverage. The pleasing architectural appearance blends well with any environment such as classrooms, training rooms, lecture halls, offices, retail stores and medical facilities. The included backbox meets the ASTM E84 flame and smoke test with a three hour burn rating and is UL listed. Its rugged, lightweight construction eliminates the need for support bars.

Features & Advantages

Fast & Easy installation
Save money & time on installation costs.

Lightweight
Weighs slightly more than a 2' x2' Ceiling tile.

UL Certified Product
Meets or exceeds industry standard.
